

**World Vision**

**LOVE LOAF MINISTRY**

Our church has supported World Vision International since 1978 beginning with the Love Loaf ministry. Families fill a plastic loaf of bread with pocket change for 6 months and the proceeds are sent to a needy part of the world. These funds are many times matched from 10-18 times which increases our money's effectiveness.

World Vision is an international Christian ministry that partners with many countries to help their poor, sick and disaster victims recover and become self sustaining.
